October 19, 2001Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

This is a response to the Restriction Requirement dated September 20, 2001 (paper No. 8). The Examiner restricted the application into two separate inventions:

- I. Claims 1 and 4 are drawn to anti-idiotypic antibodies, classified in Class 530, subclass 387.2.
- II. Claims 1-3 and 5-10 are drawn to an antibody or fragment thereof, classified in Class 530, subclass 387.1.

The Examiner also required election of a species, where the Examiner stated that the two distinct species were an antibody as an antagonist, and an antibody as an agonist.
